Chrome Data Website - Data Products

Automotive Lease Guide (ALG) is the industry benchmark when it comes to a car's residual value. ALG publishes an annual Residual Percentage Guide for reference. Residual values in the Residual Percentage Guide are an authoritative prediction that most of the auto industry follows.

What is the Residual Value of a Car? - autolist.com

Honda Fit. Now an ALG Residual Value Award winner for 4 years in a row, the Honda Fit continues to deliver unmatched levels of content, interior flexibility, and value among its competitive set. The Fit's ratio of utility to size makes this Subcompact one of the most versatile and popular city cars on the market today.

Vehicle Awards - ALG

The ALG residual value on a vehicle represents what a reconditioned clean vehicle should fetch at auction, so lenders begin with that number and make adjustments up or down to suit their particular risk preferences.

Calculate Your Vehicle's Residual Value - Autotrader

While you can - and should - negotiate the price of the car, the residual value is set by companies such as ALG. Each year ALG recognizes the brands and models that maintain the highest percentage of their MSRPs, compared to their class peers, with their residual value awards.

2019 Cars With Great Residual Values | U.S. News & World ...

ALG's Residual Value Awards honor the vehicles in each segment that are forecast to retain the highest percentage of MSRP after a three-year period. Award recipients were chosen after a careful evaluation of vehicle criteria, including segment competition, historical vehicle performance and industry trends.

TrueCar and ALG Share Top New Car Residual Values ...

Although most leasing companies use ALG as their main guide, the residual values you'll get quoted tend to be a few percentage points higher than what ALG quotes. This is because many leases are subsidized by the manufacturer and they artificially raise the values in order to lower the lease payments. Different leasing sources will often quote different residual values for the same vehicle.

How Residual Values are Calculated - Realcartips.com

Residual values, which are sometimes called lease-end values or the lease-end purchase price, are set by the company that is financing the lease, not the dealer. They are an expert guess as to what the car will be worth when the lease ends, and they are typically not negotiable.

What Does Residual Value Mean for a Car Lease? | U.S. News ...

Automotive Lease Guide, or ALG, is one of the organizations that calculates residual values. ALG uses its data to determine the winners of its annual Canadian Residual Value Awards, which recognize the vehicles and car brands that best hold their value. ALG bases its awards on the residual values of three-year-old cars, trucks and crossovers in Canada.

ALG 2019 Canadian Residual Value Awards - OntarioCars.ca

ALG is a wholly-owned subsidiary of TrueCar, Inc., a digital automotive marketplace that provides comprehensive pricing transparency about what other people paid for their cars. ALG has been publishing residual values for all cars, trucks and SUVs in the U.S. for over 50 years and in Canada since 1981.
